Commodore's Corner

Hello all hope this finds you all well and enjoying this lovely warm summer we are having.

Reports of good fishing have been coming in over the last few weeks with members which have been getting out having nice catches with some quality fish.

Good luck to all those fishing in Ngawi Big 3 this coming weekend and especially to the 5 members of our club competing in the GLOAT trophy against Ngawi club.

I hear we have had club boats fishing in New Plymouth, Bay of Plenty, Castle point and Kapiti & Pelorus Sound over the last few weeks, so look forward to hearing the fishing tales and seeing the photos. Mark would love some feedback on these trips for the news letter.

Club tractor has had some repairs of late and is up and running on full steam again, I would like to take this moment to remind members that boats with extension draw bars must be used when launching and

retrieving at Ngawi(those that do not Have draw bars need to be working towards having one installed), as we do not want to see our club tractor in the salt water when it is not necessary just because you are too lazy to unhook your extension bar. As a club we do not want to be removing tractor keys from people because of improper use of our club asset.

A big thank you to George Daines and Ron Beil for their continued up keep of our tractor it is much appreciated. There are two core values which our club hold as very important and would like to just touch on both of these now.

Safety and Sustainability

Safety – Please ensure all members of crew are wearing life jackets when launching and retrieving, where possible stay in contact with other members on radio with regards to ETA and return times, on club days a committee member will be monitoring on channel 4 .

Sustainability- We all want to continue to fish for the next 80 years and more so please fish for the future with your takes, when those good days come along please keep the following in mind.

Limit your catch, not catch your limit.
If as a club we can do our small part on this front, then may be our fishery

will allow us to continue fish the way we do now.

Our committee has put a sub panel together to attend and partake in a MPI fisheries consultation process around fish quantities and commercial quotas, we will keep you informed on what is going on.

So get out there, do some fishing, enjoy the summer, be safe and have fun.

My job History as it stands so far:

1. My first job was working in an Orange Juice factory , but I got canned . Couldn't concentrate .
2. Then I worked in the woods as a Lumberjack, but just couldn't hack it , so they gave me the axe .
3. After that, I tried being a Tailor, but wasn't

suited for it , mainly because it was a sew-sew job.

4. Next, I tried working in a Muffler Factory, but that was too exhausting.

5. Then, tried being a Chef - figured it would add a little spice to my life, but just didn't have the thyme.

6. Next, I attempted being a Deli Worker, but any way I sliced it.... I couldn't cut the mustard.

7. My best job was a Musician, but eventually found I wasn't noteworthy.

8. I studied a long time to become a Doctor, but didn't have any patience.

9. Next, was a job in a Shoe Factory. Tried hard but just didn't fit in.

10. I became a Professional Fisherman, but discovered I couldn't live on my net income.

11. Managed to get a good job working for a Pool Maintenance Company, but the work was just too draining.

12. So then I got a job in a Workout Center, but they said I wasn't fit for the job.

13. After many years of trying to find steady work , I finally got a job as a Historian - until I realized there was no future in it....

Please Email Liz if you change your address or E mail address.....it's difficult to contact you if we don't have your correct details.

BLACK BRAs size 38

A Chinese guy goes into a Jewish-owned establishment to buy black bras, size 38. The Jewish store keeper, known for his skills as a businessman, says that black bras are rare and that he is finding it very difficult to buy them from his suppliers. Therefore he has to charge \$50.00 for them. The Chinese guy buys 25 pairs.

He returns a few days later and this time orders fifty.

The Jewish owner tells him that they have become even harder to get and charges him \$60.00 each. The Chinese guy returns a month later and buys the store's remaining stock of 50, and this time for \$75.00 each. The Jewish owner is somewhat puzzled by the large demand for black size 38 bras and asks the Chinese guy, "...please tell me - What do you do with all these black bras?"

The Chinese guy answers: "I cut them in half and sell them as skull caps to Jewish men for \$200.00 each."

Good luck to all Club Fishers in the BIG 3 Competition & Ngawi Challenge.

This beautiful South African mega yacht anchored in the Bay of Many Coves in the New Year, while I was down there on Wiremu's Waka with two of my grandies. What a ship, the back opened up where all the toys were kept, jet skis etc, even a tender boat, bigger than the "Waka". A very impressive vessel.

LET'S REBUILD OUR FISHERY
