

## CLUB WEEKENDS

The club puts up \$350.00 in prizes for the club weekend which is paid out in various sums of vouchers from our main sponsors or cash. The prizes are for first (\$100.00), second (\$60.00) and third (\$40.00) anglers of the weekend. Three further prizes of heaviest Blue Cod (\$50.00), Heaviest Tarakihi (\$50.00) and Average Angler (50.00) are also given out when a club weekend weighed fish have been collated.

The fish weighed for the species gain 50 points for each fish plus 10 point's per kilo of species weighed which is tallied and goes towards the angler of the year competition that is awarded at the AGM at the end of season. \$1,100.00 worth of vouchers is given at the AGM as follows. \$300.00 for top male/female angler, \$200.00 for second, \$100.00 for third. The top overall angler out of the male and female winners will receive an additional \$200.00.

10 points per kilo for the following species: **Barracouta, Blue Cod, Blue Nose, Groper/Bass, Trumpeter, Kingfish, Snapper, Trevally, Red Cod, Terakihi, John Dory, Kahawai, Gurnard and Tuna.**

Photo and measure of fish for points (King Fish and Kahawai)

- Length to weight converter must take clear photo on measure mat.
- Fish fully visible with member card on it and Date caught.
- Your photo must be taken to weigh masters to qualify.
- Fish can be kept if wanted and weighed, if not photo and release.

Measurements are to be rounded to nearest whole cm.

0.5cm and higher is rounded up.

0.49cm and lower is rounded down to the nearest cm.

Example: 35.49cm is rounded down to 35cm

35.57cm is rounded up to 36cm

Fish caught by individuals must be weighed or measured by the angler that caught the fish, no swapping species, any infringement of this rule will result in the boat and anglers being ruled out of all club activities

All fish weighed or measured must be caught on Rod and Reel only

Heaviest fish trophies in each category do not have to be caught on a club day/weekend but pin fish awards are required to be caught on a club weekend.

For a club weekend to go ahead all that is required is for 2 boats with at least one person on each being a fully paid member to go out fishing in our club fishing area.

Our club fishing area is from Honey Comb Rock to Taurakirae Head. You can launch from wherever, provided you fish that designated fishing area.

**Each boat is required to log on the water through either radio or phone to our radio watch. This log on requires to know the number of persons on board and intended area fished with an ETA for leaving the water. Please state where you have departed from in case emergency services are required at a later time. (failure to log on/off will result in you being ruled out of the club prizes) You need to be a current paid up member of CPMRA to use the radio**

**channels in our area, so please ensure you abide by this and pay your subs. (links available on our website: [www.pukemanufishingclub.co.nz](http://www.pukemanufishingclub.co.nz))**

During the day the radio operator will check on your progress and check your ETA off the water. (Call sign is Pukemanu Base, your call sign is the boat name)

All fish entered in a club day/weekend have to be weighed by a dedicated weigh-master or relief weigh-master from our club. All weigh-sheets must be in to our weigh-master Brendon and Liz Walker at 33 Grey Street, (3069615) MARTINBOROUGH by 6pm Monday after the weekend. The sheets require the name of the person fishing, signature and boat from which he/she fished and then signed by the weigh-master. Remember it is handy to have your club card for this procedure although we do carry lists of current members.

Your club calendars have all the dates for these weekends. If a club weekend is a no go through weather then the prizes are not issued. A successful club weekend and results are notified by newsletter and prizes posted to the winners.
